

Kenneth Grubb, COO, Natural Gas Pipelines

Mr. Grubb is Chief Operating Officer (COO) of the Natural Gas Pipelines Group for Kinder Morgan, Inc., one of the largest energy infrastructure companies in North America.

Mr. Grubb is responsible for all operational activities of the Kinder Morgan Natural Gas Pipelines Group, which encompasses approximately 70,000 miles of pipelines including natural gas transmission, gas storage, gathering, and processing facilities. Kinder Morgan transports about 40 percent of the natural gas consumed in the United States.

Mr. Grubb became COO of the Natural Gas Pipelines Group in 2017. Before assuming his current role, he was Vice President of Operations for the Western Region of the Natural Gas Pipelines Group from 2012 to 2017. He has also held various other roles in Operations, Engineering, System Design, Project Management, and Construction. He has over 32 years of experience in the energy sector and holds a Bachelor of Science degree in Electrical Engineering from Oklahoma State University.
